# Melbourne Museum

Perched on the edge of the city opposite the World Heritage Listed Royal Exhibition Building, Melbourne Museum is a wedding destination like no other! Sixty-four acres of English Oaks, Plane Trees, Conifers and Moreton Bay Figs surround this iconic, postmodern building in the centre of Carlton Gardens, and our bespoke spaces offer a range of unforgettable settings.

## North Terrace

Surrounded by the gorgeous natural environments of the Museum's Forest Gallery, and the leafy Carlton Gardens, the elevated position of North Terrace ensures your backdrop is beautiful, whichever way you plan your layout.

## Kalaya

A spiralling timber ramp creates quite the entrance for you and for your guests to witness your vows. An abundance of natural daylight pours through the skylights, creating a stunning space that is simply, like no other.

Immigration Museum

# Immigration Museum

There is something about the stately, old-world ambience created by the heritage-listed Old Customs House that says romance is in the air. Overlooking the Yarra River and in the heart of our CBD—you will forget you are actually immersed in the city bustle, within the calm and elegant spaces.

## Atrium

All things beautiful come together in this space! The contemporary, sun-filled, all glass addition to the original building, overlooks our leafy courtyard—one of the only remaining private courtyards in the city.

## Courtyard

The ultimate outdoor city retreat—perhaps even a tranquil haven in the middle of our energetic city. We encourage you to add your own personal touch to the space for your special day with flowers, festoons or a marquee. You will love it as much as we do!

The Pumping Station, Scienceworks

# Scienceworks

One of Melbourne's iconic 19th century landmarks. From the industrial interiors to the stately central courtyard, it's a flexible and inspiring canvas for your wedding day. Located a stone's throw from the CBD, this riverside location creates quite the setting!

## The Pumping Station Courtyard

Sitting amidst two imposing brick towers, and showing off its views of the city skyline, the Courtyard boasts a perfect blend of history and sophistication.

## The Pumping Station Engine Room

Exposed beams, polished concrete floors and original brickwork— The Engine room is exactly what its name suggests.

The ceremony space is surrounded by a fascinating collection of engineering tools, and four original steam pumps which last ran in 1947. Yes, steam pumps! We can even arrange for you to have one in action.

## The Pumping Station Courtyard — Outdoor

# Additional Information

## A few important things to note

If you select one of our outdoor spaces for your wedding, we will place the indoor space on hold for you in case of bad weather, subject to availability. Please keep capacities in mind.

The latest commencement time for a ceremony is 4pm.

Should you require any furniture, microphones, staging (or anything else) for your special day, our team can help!

We include a complimentary 1-hour wedding rehearsal. Closer to your wedding date, we will work with you to confirm a suitable time between 9am and 5pm, Monday to Friday.

## Get in touch

If you would like to arrange a time to view the venues or discuss your wedding in further detail, please don't hesitate to contact the Museum Spaces Sales team.
