Fantastic location

U City is conveniently located close to public transport, extensive car parking, accommodation, shopping, local attractions such as the Adelaide Central Markets and Chinatown, and a bustling dining and entertainment precinct. With just a short drive to Adelaide Airport and surrounding tourist destinations, host your next event at U City in the heart of the city.

Keeping it 'green'

As the first registered charity in Australia to be certified carbon neutral, Uniting Communities is committed to reducing its carbon footprint. The U City development is recognised as one of Australia's 'greenest' buildings by design to date, and is predicted to use 45 per cent less energy and 30 per cent less water than a comparable new building.

Inclusive and accessible venue

As an innovation of Uniting Communities, U City has a particular focus on accessibility and inclusivity. That's why we have built our accessible Function Centre to include:

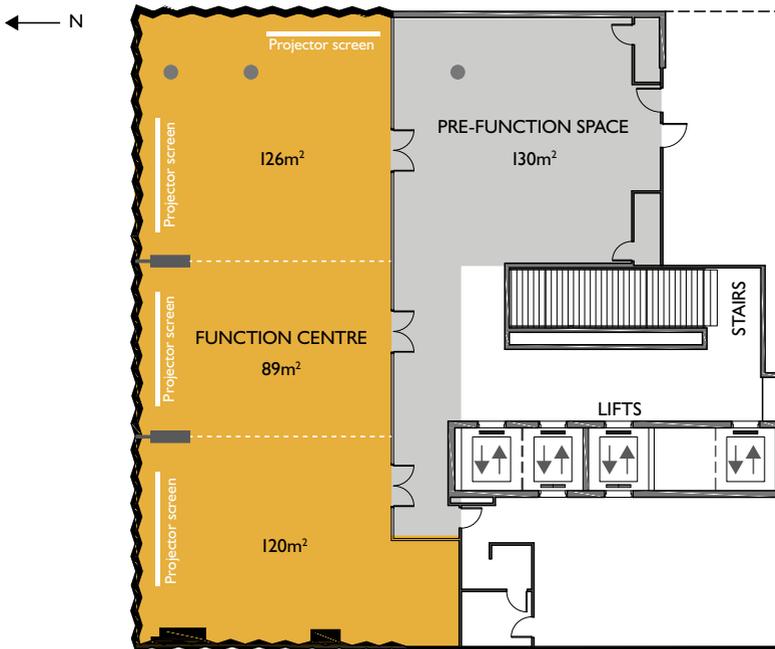

- a hearing loop
- automatic glass sliding doors
- a lift with illuminated braille buttons and audible announcements
- accessible toilets including Changing Places facilities.

We can also offer your guests on-site accessible accommodation in the U City Accessible Serviced Apartments.* This is a truly unique offering, enabling guests access to custom-designed, accessible facilities with terrific views over Adelaide, all conveniently located in one building.
