ARTS CENTRE MELBOURNE
CONFERENCES, MEETINGS & EVENTS

Positioned in the heart of one of the culinary capitals of the world, Arts Centre Melbourne prides itself on delivering a truly exceptional hospitality experience.

With a passion for flavour, freshness and innovation, our executive chef, along with his culinary team, have crafted a suite of annually changing menus that showcase the best in local, seasonal produce.

Event organisers can choose from one of the thoughtfully curated existing menus, or let the team at Arts Centre Melbourne tailor a bespoke menu to suit the theme or style of the event.

We believe we have an important role when it comes to sourcing our produce from Victorian businesses wherever possible.

Our goal is to purchase in-season fresh produce from local farms and orchards and beverages from local vineyards and breweries. And we are constantly looking for independent, small and boutique suppliers that we can build meaningful collaborations with.
