Boatbuilders Weddings

Nestled beside the Polly Woodside sailing ship sits an unexpected highlight of Melbourne's drinking and dining scene, The Boatbuilders Yard. It's separate event space, The Decks, makes a gorgeous venue for a cocktail wedding which is relaxed, fun and memorable.

Sitting right on the water with city skyline views, The Decks manages to be beautiful without being pretentious. Similarly, the food and beverage options are unique and a little quirky, aiming to surprise and delight guests. Your guests can enjoy a glass of sparkling on arrival, ooh and ahh over the surrounding greenery and cascading foliage, and then grab a delicious taco to start the celebrations. The Decks at The Boatbuilders Yard is that fun and memorable wedding venue you've been searching for.

The Space

100	296m2			

The Decks offers an exclusive weatherproof indoor/outdoor function space located on the banks of the Yarra River. A combination of sliding and fixed glass walls and windows, ceiling heaters, a private bar and interchangeable furniture makes it the perfect space for a relaxed cocktail wedding. Feature plants and foliage drape from the ceiling, with astroturf lining the top floor to create a wonderful atmosphere taking the stress out of theming.
