CITY
RECITAL HALL

Hidden in plain sight

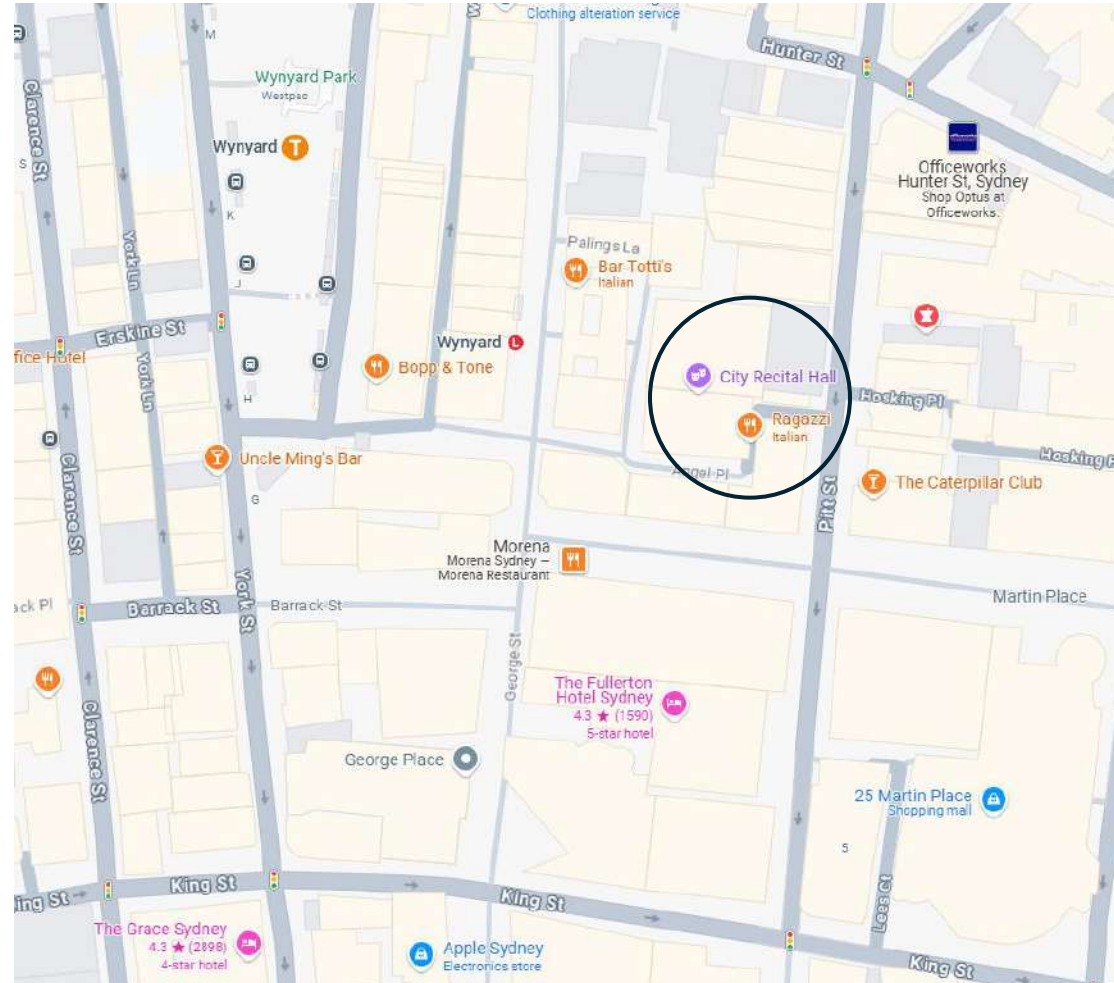

City Recital Hall is tucked away in the city laneway of Angel Place Sydney, just steps away from Wynyard and Martin Place, in the heart of the CBD.

By day, Angel Place is a favourite amongst business lunch diners and tourists keen to experience the iconic 'Forgotten Songs' birdcage installation.

At night, Angel Place is closed to traffic, with restaurants extending their trade onto the street, and the party getting started at the nearby Ivy district.

In 2024 City Recital Hall underwent a significant refurbishment, with new foyers, bars and amenities throughout, plus new dressing rooms, Green Room and Function Room.

City Recital Hall is now available for corporate and private hire.

Multiple hire options

City Recital Hall is best known for its auditorium, acclaimed as having some of the best acoustics in Australia.

Mid-sized excellence

- The Auditorium also has a recording room with a sightline of the stage for Hirer's wishing to record the performance.
- The Auditorium can be used to screen movies, including those accompanied by live music and lighting effects.
- Auditorium hirers can activate all foyer and bar spaces depending on the function size.
- The Function Room can be added to the hire for use as a VIP entertainment space, or to extend the Green Room.

Exceptional sound

- Celebrating 25 years in 2024, City Recital Hall quite simply **sounds better**, offering the best acoustics of any CBD theatre or music venue.
- City Recital Hall was purpose-built in 1999 as the city's premiere venue for classical sound, both amplified and acoustic.
- In 2023 an industry-leading d&b audiotechnik XSL Soundscape Audio System was installed, propelling Angel Place into the pop, rock, folk and electronic market and yes, the odd rave.....

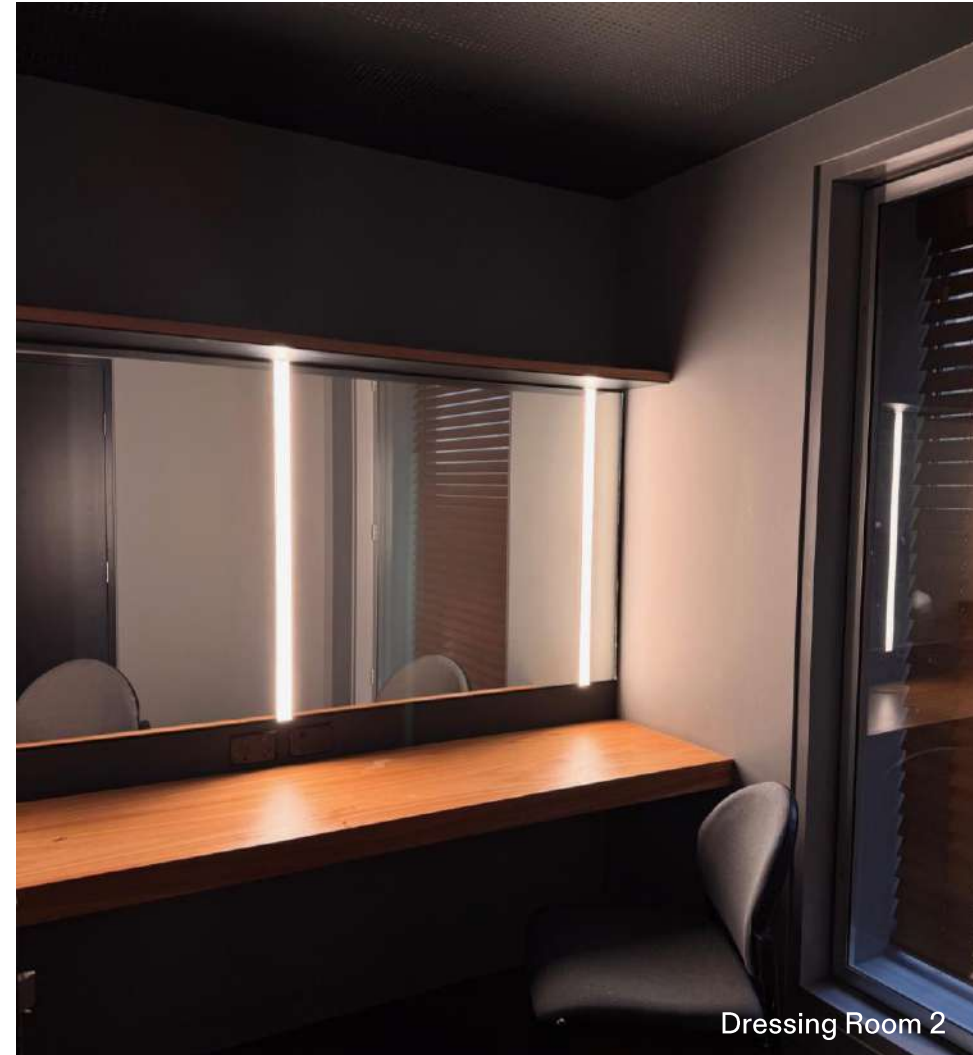

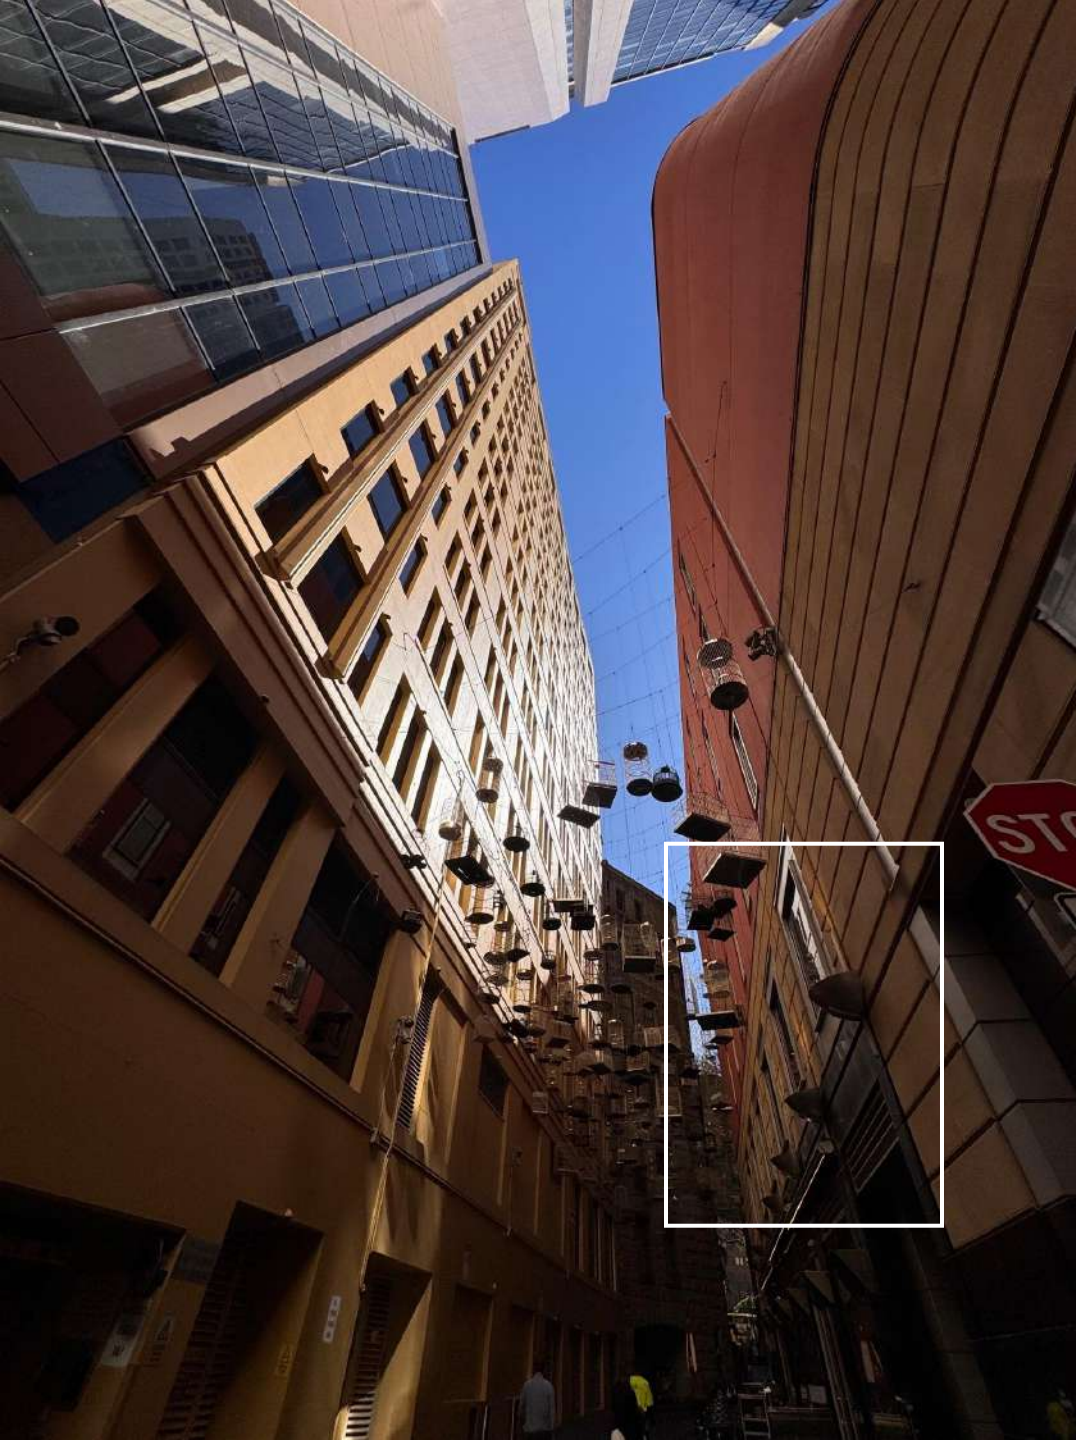

Comfortable spaces for artists

- Directly behind the stage there are three double dressing rooms, all with private bathrooms. One dressing room has an accessible bathroom.
- Next to stage is a large open hair & makeup area, overlooking Angel Place. This is typically used for orchestra members or ensemble cast. Two large bathroom / shower rooms adjoin, plus locker rooms.
- On Level Four we have an additional dressing room that fits up to eight or can be used as an office during your Auditorium hire.
- The refurbished, light-filled Green Room has its own kitchen. The Function Room is right next door if you need to extend the Green Room.

Dressing Room 2

Orchestra / ensemble artist areas are refurbished, light and bright with a sense of being connected to the location. There are two sets of bathrooms/showers and two locker rooms.
